The District was established to provide financing for the design, acquisition, installation, construction and completion of public improvements and services, including sanitation, street, safety protection, mosquito control improvements and services and covenant enforcement.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area, however, as of the date of this budget, the amount and timing of any debt issuances is not determinable.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statues 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Under the Service Plan, the District is limited to the imposition of a debt service mill levy in an amount not to exceed 50 mills; provided, however, that in the event the method of calculating assessed valuation is changed after the date of approval of the Service Plan, the mill levy limitation provided for the District will be automatically increased or decreased to reflect such changes, so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation. On September 15, 2015, the date of the Service Plan's approval by the Jefferson County Board of County Commissioners, the ratio of actual valuation to assessed valuation was 7.96% and in 2022 the ratio was at 6.95%. Due to this ratio change, in 2022 the District's debt service mill levy was increased to 56.463 mills.

Revenues (Continued)

Property Taxes (Continued)

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

Operations Fee

The District will collect a fee of \$156 per month from Landmark Unit homeowners and a fee of \$203 per month from Cityscape Unit homeowners of the District to pay for the District's costs of operations, payable in quarterly installments. The monthly fee amounts will be increased 2.00% annually.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7.00% of the property taxes collected.

Developer Contribution

The District is in the development stage. As such, a significant portion of the operating and administrative expenditures are to be funded by the Developer. Developer contributions are recorded as revenue for budget purposes. Per the terms of the Operations Funding Agreement, the Developer waives the right to reimbursement for any advances funding the District's operations and administrative expenses

Developer Advance

The District is in the development stage. As such, a significant portion of the capital expenditures are to be funded by the Developer. Developer advances are recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer from bond proceeds and other legally available revenue.

Expenditures

Administrative and Operating Expenditures

The operating and administrative expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, management, accounting, insurance and meeting expense.

County Treasurer's Fees

County Treasurer's collection fees have been computed at 1.50% of property taxes.

Capital Outlay

Anticipated expenditures for capital outlay are reflected in the Capital Projects fund page of the budget.

Debt Service

Principal and interest payments in 2023 are provided based on the debt amortization schedule from the Series 2020 Bonds (discussed under Debts and Leases).

Debt and Leases

Series 2020 Bonds

The District issued Limited Tax (Convertible to Unlimited Tax) General Obligation Bonds, Series 2020 on August 27, 2020, in the par amount of \$3,470,000 (the Bonds). Proceeds from the sale of the Bonds were used to (a) pay or reimburse Project Costs, (b) fund a portion of the interest to accrue on the Bonds, (c) fund an initial deposit to the Surplus Fund, and (d) pay the costs of issuing the Bonds.

Bond Details

The Bonds bear interest at 4.95%, payable semi-annually to the extent of Pledged Revenue available on June 1 and December 1, beginning on December 1, 2020. Annual mandatory sinking fund principal payments are due on December 1, beginning on December 1, 2024. The Bonds mature on December 1, 2050.

In the event that the Pledged Revenue is insufficient to pay the Bonds when due, the unpaid principal will continue to bear interest, and the unpaid interest will compound semiannually on each June 1 and December 1, at the interest rate borne by the Bonds, until the total repayment obligation of the District for the Bonds equals the amount permitted by law and the District's electoral authorization.

Debt and Leases (Continued)

Optional Redemption

The Senior Bonds are subject to redemption prior to maturity, at the option of the District, on December 1, 2025, and on any date thereafter, upon payment of par, accrued interest, and a redemption premium equal to a percentage of the principal amount so redeemed as follows:

<u>Date of Redemption</u>	Redemption Premium
December 1, 2025, to November 30, 2026	3.00%
December 1, 2026, to November 30, 2027	2.00
December 1, 2027, to November 30, 2028	1.00
December 1, 2028, and thereafter	0.00

Pledged Revenue

The Bonds are secured by and payable solely from and to the extent of Pledged Revenue, generally consisting of:

- (a) the Property Tax Revenues;
- (b) the portion of the Specific Ownership Tax which is collected as a result of the imposition of the Required Mill Levy; and
- (c) any other legally available moneys that the District determines, in its absolute discretion, to transfer to the Trustee for application as Pledged Revenue.

The Indenture defines "Property Tax Revenues" as the ad valorem property taxes derived from the District's imposition of the Required Mill Levy, net of the costs of collection of the County and any tax refunds or abatements authorized by or on behalf of the County.

Required Mill Levy

The District has covenanted to impose an ad valorem mill levy upon all taxable property of the District in the amount of the Required Mill Levy, but not in excess of 50 mills (subject to adjustment for changes in the method of calculating assessed valuation after September 15, 2015).

Prior to the time that the District's Senior Debt to Assessed Value Ratio is 50% or less (the Conversion Date"), the Required Mill Levy is an ad valorem mill levy imposed each year in an amount which is sufficient to pay the Bond Requirements as they come due in such Bond Year, and, if necessary, an amount sufficient to fund the Surplus Fund to the Maximum Surplus Amount. On and after the Conversion Date the Required Mill Levy shall be unlimited and imposed in such amount as is necessary to pay the Bond Requirements for the relevant Bond Year as they come due and to fund the Surplus Fund to the Maximum Surplus Amount.

Debt and Leases (Continued)

Senior Debt to Assessed Ratio

The Senior Debt to Assessed Ratio is derived by dividing the sum of the then-outstanding principal amount of the Bonds and any other Senior Bonds then outstanding by the assessed valuation of the taxable property of the District.

Reserves

Debt Reserve

The Bonds are secured by the Surplus Fund, up to the Maximum Surplus Amount of \$450,000, a portion of which was initially funded with proceeds of the Bonds. The remainder of the Surplus Fund will be funded over time with available Pledged Revenue, if any, up to the Maximum Surplus Amount.

Emergency Reserve

The District has provided for an emergency reserve fund equal to at least 3% of fiscal year spending for 2023 as defined under TABOR.

¹ If the taxing entity's boundaries include more than one county, you must certify the levies to each county. Use a separate form for each county and certify the same levies uniformly to each county per Article X, Section 3 of the Colorado Constitution.

² Levies must be rounded to three decimal places and revenue must be calculated from the total <u>NET assessed valuation</u> (Line 4 of Form DLG57 on the County Assessor's **FINAL** certification of valuation).

CERTIFICATION OF TAX LEVIES, continued

THIS SECTION APPLIES TO TITLE 32, ARTICLE 1 SPECIAL DISTRICTS THAT LEVY TAXES FOR PAYMENT OF GENERAL OBLIGATION DEBT (32-1-1603 C.R.S.). Taxing entities that are Special Districts or Subdistricts of Special Districts must certify separate mill levies and revenues to the Board of County Commissioners, one each for the funding requirements of each debt (32-1-1603, C.R.S.) Use additional pages as necessary. The Special District's or Subdistrict's total levies for general obligation bonds and total levies for contractual obligations should be recorded on Page 1, Lines 3 and 4 respectively.
